Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction to the Urban Centrality Structure -- Development Models of the UC Structure -- Functional Analysis of the UC Structure Hierarchy -- Spatial Layout of the UC Structure -- UC Structure Planning.
Sommario/riassunto	This book presents the latest research results related to urban center and urban center. It expounds the theoretical connotation, development models, hierarchical function, and spatial layout of the urban central structure through over 200 figures and tables. In addition, it analyzes the threshold characteristics, structural hierarchy, spatial characteristics, and development rules of urban central structure through field research and quantitative researches on the major urban central structures in Asia. Meanwhile, how to solve the issue of construction and layout of urban central structure in planning and design practice is also covered. The book reveals the laws and spatial characteristics of urban central structure and provides a valuable guide both for urban designers and planners as well as researchers and students working in urban design and planning fields. It sheds new light on better understanding of the urban central structure.

Sommario/riassunto	""Personality psychology concerns what most people think psychology should be about. This book is the best introduction to personality psychology available anywhere. It combines clear, accessible, and engaging writing with a thorough grasp of the key research and methodological issues in the field. Readers at almost any level of sophistication will find the book enjoyable and informative."" . Robert Hogan , Ph.D. President, Hogan Assessment Systems. ""Broad, authoritative, and above all, clear, this lively book is the ideal introduction to the vibrant field of personality. By blending solid cov
