Sommario/riassunto	This book, authored by Suresh Nath Saxena, is a comprehensive guide to the study of palmistry, also known as chiromancy. It explores the ancient Indian tradition of palmistry, a method believed to predict the future through the study of hand lines and shapes. The book aims to make this complex science accessible to a wide audience by using simple and clear language. It includes practical advice and psychological insights to help readers avoid negative influences and harness beneficial ones. The book is based on the latest knowledge in the field and emphasizes the importance of understanding both strengths and weaknesses for personal development and success. It is intended for those interested in learning about palmistry and its

practical applications in life.
