Sommario/riassunto	Three stories by Rudyard Kipling, all about the marvelous nature of elephants. In "The Elephant's Child," we learn how the elephant got his trunk--one of the favorite tales from the Just-So Stories. In "Moti Guj, Mutineer," we learn what happens when an elephant has made a bargain--and humans have failed to do their part! In "Toomai of the Elephants," we learn how a special child and his relationship to a special elephant allow him to see something no one in the world has ever seen before.
