Formato	Musica
Livello bibliografico	Monografia
Sommario/riassunto	This presentation of the beloved tale tells the classic story of the long night Ebenezer Scrooge spent with the ghosts of Christmas, the lessons it taught him, the change it made in his life, and the joy it brought to him and all who knew him. It tells the story the way Dickens wrote it, including scenes and descriptions other versions skip over. On this recording, the story is not merely read, it comes to life with voices and music
