Sommario/riassunto	Considering the important impact of Asian cultures on international relations, we conducted a multifaceted analysis and authentic summary

of the Asian experiences and patterns of dealing with foreign relations from an Asian insider's perspective, aiming to find out where the diverging or converging diplomatic ways of the West and the East came from and what the positive diplomatic values and practices originated from Asian traditions are. Focusing on China, volume one thoroughly analyses the nature, political culture and mechanism of the tribute system from ancient time to the modern era within and beyond China. Volume two studies the culture and diplomacy of various individual Asian nations except for China, both in general and in particular cases, with an interdisciplinary approach. ,

Sommario/riassunto	Two neighbors-strangers-with one thing in common: they share a fence. But is that the only thing they share?Nathan Fraser lives a solitary life, never letting anyone get too close. It's safer that way. Kourtney Whyte hides from the world and behind her work, too afraid to really live her life to the fullest. Rejection is what she knows best. But one night, the sound of her soft voice and the tantalizing aroma of her evening meal prove too enticing for Nathan to ignore.So begins their

unconventional relationship-talking, learning, texting, and gradually opening up to one another, all over the fence. That is, until the day Nathan braves the high fence to protect Kourtney from her past, and changes everything forever. Can they move forward together, without the buffer of the fence? Or will their pasts prove to be too much of a barrier? Contains mature themes.
