

1. Record Nr.	UNINA9910157737103321
Autore	Ladnier Aidee
Titolo	The Applicant
Pubbl/distr/stampa	Dreamspinner Press
ISBN	1-63533-200-1
Descrizione fisica	1 online resource (47 p.)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Busted Labs: Book One How can something so cuddly and adorable be so destructive? The teddy bear robot decimating his lab is only the first disaster of the day for roboticist Forbes Pohle. If he can figure out how to end its rampage, he still has to interview applicants for the position of research assistant and convince the time traveler on his doorstep that they should be making their future right now. Oliver Lennox didn't travel back in time to have a quickie in the blast chamber--but it certainly is fun. This younger Forbes is a sweeter, more innocent version of his lover. And it will be hard to leave him behind in the past. If you like sexy nerds, humor, plenty of action, and a love story not even time can disrupt, this romantic adventure has the perfect credentials for the job.</p>
