| Sommario/riassunto | <p>When monsters need a makeover, they head for the one place that can make it happen . . . Welcome to Hollywood! Dial M for Monster from Award winning, paranormal romance author Lila Dubois is Book 1 in her Monsters in Hollywood series. A thrilling tale of monsters and the human prejudice that keeps them in hiding . . . for now! Luke is desperate to save his people. A lifetime of sneaking in to human houses and watching movies has convinced him that if he can make a great movie about monsters, humanity will change its opinion of them. With his friends at his side, all in shiny new human bodies, Luke heads for Tinsel Town. A rising Hollywood producer, all-business Lena knows a good story when she sees it. Luke? He's just another amateur who wants to get famous. But Luke's too gorgeous to pass up. One night of incredible sex later, Lena wakes up next to the surprise of her life. She's sleeping next to a monster. Literally. Appearances aside, she finds herself wanting to help Luke save his people. But they've got more to worry about than just human prejudice, because some of the monsters would rather stay in the closet! And, to make them all stay hidden, they're willing to kill! This erotic paranormal romance contains gargoyle shapeshifters, monsters, and adult themes. Dial M for Monster is not intended for readers under the age of 18.
