Sommario/riassunto	Two hundred years ago on Christmas Eve, William Mashinter was frozen in time, cursed by his wife to roam the world on his own, waiting for the love of his life to find him. The love of his life, whom she killed. Time hasn't healed this wound, and William is tired of the happy holiday and the constant reminders of a love that's been taken from him. But then the impossible happens, and maybe... maybe he can get a new Christmas perspective. Brady Gallagher has lived three different lives, always aware of the first and most important, yet unable to find the man who will fill in the missing pieces and let him know he's not crazy. He encounters him at a work event, of all places, but is he willing to throw everything else to the wind and embrace the miracle laid out before him? A story from the Dreamspinner Press 2016 Advent Calendar "Bah Humbug."
