Sommario/riassunto	Previously Published Ellora's Cave (2012). As a warrior of Anubis, Darius always believed he was destined to be alone. Never to come into contact with others like him, or experience passion in the arms of a woman for more than just one night. After eight hundred years alone, he begins to question what he has always known. He finds a woman who stirs not only his desire, but his heart as well. Brisa's not blind, so she's very much aware of the hot man who frequents the bar where she works. But he's always been aloof. Throwing caution to the wind, she approaches the sexy stranger and finds herself completely swept away. But a shocking secret and an unsavory demon stand between them. Brisa must decide if she can love a man like Darius...for eternity.
