Descrizione fisica	1 online resource (196 p.)
Soggetti	Civil service, Colonial Eighteenth century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Originally published in 1895, this newer edition of Colonel Malleson's book chronicling the life of the Richard Cowley Wesley, 1st Marquess Wellesley KG (1760-1842) successfully 'brings out the salient points of character of the great man, indicates his many merits, and makes no attempt to slur over his failings.' Well-received on its first publication, this compact but succinct title makes an important addition to your history collection.
