Sommario/riassunto	<p>Between Heaven and Earth: Book One What is worse: Being so broke you can barely afford food, getting hired for dangerous missions way out of your league, suffocating under mountains of unanswered questions--or wanting to sexually dominate someone who can kill you without lifting a finger? Lu Delong is a mercenary who evaluates antiques most of the time and deals with the paranormal on rare occasions--even though it's supposed to be the other way around. When he joins a dangerous quest for an ancient artifact, he meets and becomes strongly attracted to a mysterious and powerful immortal named Cangji. Despite his friends' warnings and Cangji's icy, unsociable demeanor, Delong is unable to resist befriending him. However, Cangji is deeply involved in a matter beyond mortals, and Delong is drawn into a chaotic struggle by both visible and invisible forces. Always the pacifist who wanted to live a simple human life, Delong never imagined he'd end up involved in a conflict that will affect everything from the lowest insects on earth to the highest gods in heaven.</p>
