Sommario/riassunto	The 1968 film Planet of the Apes was a seminal work of science fiction that inspired generations of filmmakers and authors. Now a who's who of modern writers--including Kevin J. Anderson, Nancy Collins, Jonathan Maberry, and John Jackson Miller--produces sixteen brand-new, exclusive stories set in the world of the original Planet of the Apes films and television series. Each writer will explore a different drama within the post-apocalyptic world, treating readers to their unique

visions and non-stop adventure--Publisher's website.
