Sommario/riassunto	The Oxford Studies in Postcolonial Literatures series (general editor: Elleke Boehmer) offers stimulating and accessible introductions to definitive topics and key genres and regions within the rapidly diversifying field of postcolonial literary studies in English. Postcolonial Poetry in English provides a comprehensive introduction to the development of English poetry in all the regions that were once part of the British Empire. The idea of postcolonial poetry is held together by three factors: the global community constituted by English; the creative possibilities accessible through English; and patterns of literary development common to regions with a history of recent decolonization.
