1.	Record Nr.	UNINA9910158570203321
	Autore	Gensler Harry J. <1945-, >
	Titolo	Introduction to logic / / Harry J. Gensler
	Pubbl/distr/stampa	New York : , : Routledge, , 2017
	ISBN	1-317-43610-5
		1-315-69336-4
		1-317-43611-3
	Edizione	[Third edition.]
	Descrizione fisica	1 online resource (1 volume un pages)
	Disciplina	160
	Soggetti	Logic
		Reasoning
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di contenuto	1. Introduction -- 2. Syllogistic logic -- 3. Meaning and definition -- 4. Fallacies and argumentation -- 5. Inductive reasoning -- 6. Basic propositional logic -- 7. Propositional benefits -- 8. Basic quantificational logic -- 9. Relations and identity -- 10. Basic modal logic -- 11. Further modal systems -- 12. Deontic and imperative logic -- 13. Belief logic -- 14. A formalized ethical theory -- 15. Metalogic -- 16. History of logic -- 17. Deviant logics -- 18. Philosophy of logic.
	Sommario/riassunto	Introduction to Logic is clear and concise, uses interesting examples (many philosophical in nature), and has easy-to-use proof methods. Its key features, retained in this Third Edition, include: simpler ways to test arguments, including an innovative proof method and the star test for syllogisms; a wide scope of materials, suiting it for introductory or intermediate courses; engaging examples, from philosophy and everyday life; useful for self-study and preparation for standardized tests, like the LSAT; a reasonable price (a third the cost of some competitors); and exercises that correspond to the free LogiCola instructional program. This Third Edition: improves explanations, especially on areas that students find difficult; has a fuller explanation of traditional Copi proofs and of truth trees; and updates the companion LogiCola software, which now is touch friendly (for use on Windows tablets and touch monitors), installs more easily on Windows

and Macintosh, and adds exercises on Copi proofs and on truth trees. You can still install LogiCola for free (from http://www.harryhiker.com/lc or http://www.routledge.com/cw/gensler).
