Nota di contenuto	The scoop on Fab Labs -- What's a laser cutter and how does it work? -- What's it like in a Fab Lab? -- Starter projects and beyond -- Your project -- Fab Labs and your future.
Sommario/riassunto	This book explores the general world of the Fab Lab (fabricating laboratory) with an in-depth focus on two specific types of machinery: laser cutters and engravers used to create through the removal of material from its source. It includes tips and tricks for operating laser cutters and engravers, providing a variety of projects for every experience level, all the while connecting these skills to real-world business models and careers.
