Sommario/riassunto

This book provides an eyewitness account of the movements and operations of the British and French Armies during World War I from September 1914 to March 1915. It covers significant battles such as the Marne, Aisne, and Ypres, detailing the strategic maneuvers and engagements between the Allied and German forces. The narrative is based on reports communicated by the Press Bureau, believed to include omitted passages of interest not previously published in newspapers. The book offers a detailed, chronological perspective on the military tactics and developments of this period, intended for readers interested in military history and World War I.
