Flank Protection south of Smolensk -- IV. The Thrust against Kiev -- V. The Breakthrough in Direction Orel-Bryansk -- VI. Tula -- VII. Observations.
Sommario/riassunto	This book, authored by Generaloberst Heinz Guderian, provides a detailed analysis of the operations of the Second Panzer Army during World War II, particularly focusing on the Eastern Front from 1941 to 1945. The text explores various military strategies, including flank defense and offensive operations across significant geographical markers like the Bug and Dnepr rivers. Guderian utilizes examples from different Panzer Armies to illustrate these tactics. The work is intended for military historians, strategists, and enthusiasts interested in detailed accounts of German military operations and strategy during World War II. The author aims to convey the complexities and challenges of tank warfare and coordination with infantry divisions in the context of large-scale military operations.
