Sommario/riassunto	This book, authored by Vice Admiral George Carroll Dyer, offers a comprehensive biography of Admiral Richmond Kelly Turner, detailing

his pivotal role in amphibious warfare during World War II. It covers his early life, naval career, and significant contributions to the development of naval aviation and amphibious landing operations. The book provides insights into Turner's strategic planning and execution of key military operations in the Pacific Theater. It is aimed at military historians, naval enthusiasts, and those interested in World War II history, showcasing Turner's leadership and the evolution of naval warfare tactics.
