Adventure , suspense, and passion fill the pages of Winterfall, Book 3 of Denise A. Agnew's post-apocalyptic romance series, The Wasteland Trilogy. A firefighter and a former soldier have survived an apocalypse, but there is still danger lurking in the winter light... Firefighter Juliet Van Pelt's strength comes from previous adversity, but there's an arsonist in town who wants to crank up the heat. When threatening letters target her, she turns to the one man she has never forgotten. Former Army Ranger and sniper Mark O'Day can't forget the woman he met months ago when their city was in chaos and they shared a dangerous moment.
