Sommario/riassunto	<p>Godric is a were-tiger out for revenge against the man who sold him into a world of torture. In his quest for vengeance he finds the one woman who can soothe the beast within, but she may never be his. Witches, weres, and fiery passion fill the pages of Anna and the Tiger, Book 5 of Emma Weylin's passion-filled romance series, Secret Blood. For years Anna and her brother have lived under the oppression of their witch father. Unable to leave or ask for help, Anna hopes the Siberian were-tiger who moves in across the street is the answer to her prayers. She is willing to become the tiger's mate for a chance at freedom. Experimented on and tortured, Godric wants revenge against the man who trapped and sold him to an unscrupulous scientist. His plan to return to Moon Rise Park and rescue the man's children gets turned upside down when he discovers a beautiful adult woman instead. Taking Anna as his mate would solve both their problems. Except it isn't that easy. Thanks to the implanted device screwing with his hormones, it's impossible for him to sense his true mate. To protect the woman he discovers he can't live without, he is willing to believe his own lie. But the truth could destroy them both.
