Sommario/riassunto	<p>Welcome back to Madison Falls. Bakery owner, Tracy King, wants to serve something more than cupcakes to Ben Carrington, but he doesn't seem to notice her. When she finally gets her chance, secrets from her past may tear them apart before they really begin ... and Ben has secrets of his own. Susan Behon is pleased to present More Than Words, Book 2 of her contemporary romance series. Tracy King, the cupcake queen, has given up on getting her prince charming to notice her. After over a year of coming to her bakery, Ben Carrington, tall, dark, and ... quiet, has yet to ask her out. Ben likes sampling her cupcakes, but little does she know that his real craving is for a taste of Tracy. A leaky roof on a rainy night leaves Tracy swamped, literally. Ben brings her home with him, knowing that actions speak louder than words. Tempting Tracy into romance is easier said than done when secrets from her past come back to Madison Falls with a vengeance. Ben has a secret of his own but can't let it keep him from protecting his lady love. Will he finally tell her his true feelings or will he be silenced for good? Sommario/riassunto	The Republic is Plato's most famous work and one of the seminal texts of Western philosophy and politics. The characters in this Socratic dialogue - including Socrates himself - discuss whether the just or unjust man is happier. They are the philosopher-kings of imagined cities and they also discuss the nature of philosophy and the soul among other things.
