Sommario/riassunto	<p>Eddie loves his life. He has everything he wants. Then he meets Bill and realizes he wants more. Their instant attraction soon turns to passionate romance, but secrets from the past threaten their future. The Music In My Life, the new novel from author Caroline LeVine Topol, will be a wonderful addition to your romance library. Eddie is a tall, handsome, and very enthusiastic Broadway fan living with his loving, dedicated mother Karen in New York, mere steps from the famous Theater District. Although Eddie likes his job, his life seems to be going nowhere in particular until he meets Bill, another theater lover who just happens to be working backstage on Eddie's favorite musical, <i>Pippin</i>. Eddie and Bill connect immediately, coming together in a romance fiery enough to rival even the hottest Broadway production. Eddie doesn't know, however, that Bill is the adopted son of Karen's first great love Teddie, the man for whom Eddie was named and who was to have been an integral part of his life before Teddie's untimely death from AIDS. As Karen struggles with what she knows, complications occur as Jason, Eddie's biological father, initiates a romance with Karen. Jason has loved Karen all her adult life and wants a real relationship with Eddie, but Karen is reluctant to reveal the truth about Eddie's paternity. When Eddie learns that Jason is his father, he feels hurt and betrayed. Why had Karen allowed him to live a lie? Eddie turns to Bill for comfort, strengthening the bond between them, as Karen takes her first, shaky</p>

steps towards establishing a lifelong romance with Jason. But with all the familial turmoil swirling around them, can Eddie and Bill relinquish the past long enough to find the unforgettable love they deserve?
