Sommario/riassunto	<p>Calleigh and Adrian might have an open relationship, but she's tired of staying home. She wants Adrian, and his lover, Packer, to be all hers. Calleigh and Adrian have always had an open marriage. Adrian being on the road all the time has made it easy for them to have separate lives, but neither of them acted on their agreement to see other people until Adrian met fellow Aussie and force of nature Packer Stephens. Now Packer and Adrian are always together and Calleigh is left at home, missing her man. When Calleigh decides she's not going to let Adrian go without a fight, she comes up with what she thinks is the perfect plan. She hits the spa and the gym and sets out to find her inner buckle bunny, intent on getting her bull-rider back, and maybe on impressing Packer a little, too. She heads out on the road, ready to fight for her husband. What Calleigh doesn't understand is that her plan will be wildly successful and also the hardest thing she's ever done in her life. Packer is more than willing to play, but he's as complicated as Calleigh is emotional. And as much as he loves Calleigh and Packer, and the sexy games they play, Adrian has to try to set things right, but can he find a way to give Calleigh what she wants and make everyone else happy at the same time?</p>
