| Sommario/riassunto | This book is a memoir by Pietro Badoglio, detailing Italy's involvement in World War II. Badoglio provides a firsthand account of the political |

and military events that led Italy into the war and the subsequent challenges faced by the country. The narrative includes Mussolini's decisions, Italy's military preparations, and the impact of the war on the nation. Badoglio aims to inform the Italian people about the circumstances that contributed to their country's downfall, emphasizing the need for reflection and understanding. The book is intended for readers interested in World War II history, Italian politics, and military strategy.
