Sommario/riassunto	This volume, written by Vice Admiral George Carroll Dyer, USN (Retired), focuses on the military career and impact of Admiral Richmond Kelly Turner during World War II. It chronicles crucial amphibious operations in the Pacific theater, emphasizing the strategic and logistical challenges faced by the U.S. Navy. The book delves into Turner's leadership in key battles, such as Tarawa, Iwo Jima, and Okinawa, highlighting his role in shaping naval warfare strategy. The narrative is supported by detailed illustrations and charts, providing insight into naval organization and operations. The work is aimed at

military historians, naval enthusiasts, and readers interested in World War II history.
