Livello bibliografico	Monografia
Nota di contenuto	Intro -- TABLE OF CONTENTS -- ABOUT THE AUTHOR -- INTRODUCTION -- SURVIVAL -- THE BATTLE OF THE RIVER -- NINE MEN ON A FOUR-MAN RAFT -- "BORIE'S" LAST BATTLE -- FRONT SEATS AT SEA WAR.
Sommario/riassunto	John Hersey's 'Of Men and War' offers a compelling examination of conventional warfare, drawing on firsthand accounts to portray the psychological and emotional experiences of soldiers in combat. Through a series of stories, including the survival of John F. Kennedy after the sinking of PT-109 during World War II, Hersey delves into the complexities of human emotions in war, from fear and guilt to the fleeting elation of battle. The book critiques the notion that war can be justified, emphasizing the universal suffering it causes. Hersey advocates for the pursuit of peace, arguing that it demands greater courage and sacrifice than war. Intended for readers interested in military history and the moral implications of warfare, the book combines detailed narratives with a broader philosophical perspective.
