Sommario/riassunto

With all eyes on their Presidential bosses, the Vice Presidents of the United States have often been relegated to the background. But they are an intriguing group, and now--in this unprecedented and meticulously researched volume--the forty-seven men who have held this position take center stage. Anyone interested in going beyond the headlines and learning about the history of powers behind the Oval Office will want to pore over this one-of-a-kind reference. Here you will find the information you never knew you needed to know about the Vice Presidents, such as who lived the longest, who got married in office, who won the Nobel Prize, and who was charged with treason. Packed with facts, trivia, and lists about all of America's VPs as well as many of the country's high-ranking political appointees, *Ranking the Vice Presidents* presents the hidden history of the nation's second-in-command.
