Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	'Cricket and Community in England' is an enquiry into the social history of the summer game, written by two specialist cricket historians and based on extensive primary research. It traces the history of the sport at grassroots level from its origins right up to the present day. The six chapters look at such issues as early cricket, the origins of clubs, competition, the two world wars, multiculturalism and cricket in the twenty-first century.
