| Nota di contenuto | Disability and political theory : an introduction / Barbara Arneil and Nancy Hirschmann -- Disability in political theory versus international practice : redefining equality and freedom / Barbara Arneil -- The ableist contract : intellectual disability and the limits of justice in Kant's political thought / Lucas Pinheiro -- Disavowals of disability in Rawls's theory of justice and his critics / Stacy Clifford Simplican -- Disabling barriers, enabling freedom / Nancy J. Hirschmann -- Disability and violence : another call for democratic inclusion and pluralism / Joan Tronto -- Dyslexia manifesto / Kathy E. Ferguson -- Hannah Arendt and disability : natality and the right to inhabit the world / Lorraine Krall McCrary -- Connecting the disconnect : mental disorder and |

political disorder / Theresa Lee -- Wollstonecraft, Hobbes, and the rationality of women's anxiety / Eileen Hunt Botting -- Rethinking membership and participation in an inclusive democracy : cognitive disability, children, animals / Sue Donaldson and Will Kymlicka -- Rethinking "cure" and "accommodation" / Nancy J. Hirschmann and Rogers M. Smith.

Sommario/riassunto

Though disability scholarship has been robust in history, philosophy, English, and sociology for decades, political theory and political science more generally have been slow to catch up. This groundbreaking volume presents the first full-length book on political theory approaches to disability issues. Barbara Arneil and Nancy J. Hirschmann bring together some of the leading scholars in political theory to provide a historical analysis of disability through the works of canonical figures, ranging from Hobbes and Locke to Kant, Rawls and Arendt, as well as an analysis of disability in contemporary political theory, examining key concepts, such as freedom, power and justice. Disability and Political Theory introduces a new disciplinary framework to disability studies, and provides a comprehensive introduction to a new topic of political theory.
