Sommario/riassunto	En 1876, el diputado Cristino Lobaton descubre sus dotes de empresario. Se da cuenta de que la liliputiense Lucia Zarate, a quien acompaña la Feria de Filadelfia comisionado por el presidente Porfirio Diaz, es literalmente una mina de oro y la dirige en una deslumbrante carrera artistica que la lleva a presentarse en las principales capitales de Europa y por todo Estados Unidos. Durante la giranorteamericana, advierte que las rutas del tren son aprovechables para el trasiego de opio y, sin siquiera intuir que estaba inventando una industria que pondria de cabeza al planeta, se asocia con un grupo de chinos para trafcarlo. Osado, picaro, cinico y cada vez mas adinerado, Cristino Lobaton es pionero inconsciente tambien delcapitalismo rampante, de la industrializacion a saco y,curiosamente, de la conciencia ecologica. De sus experiencias concluye dos cosas: una, que cada minuto nace un idiota; otra, que si la gente no fuera idiota, el mundo seria ingobernable. Novela de aventuras, novela historica emparentada con la picaresca, novela que entrevera personajes reales y ficticios, esta narracion vertiginosa llevara allector a territorios insospechados."-- Page [4] of cover.
