Note generali	Includes index.
Sommario/riassunto	Key Concepts in Operations Management is one of a range of comprehensive glossaries with entries arranged alphabetically for easy reference. All major concepts, terms, theories and theorists are incorporated and cross-referenced. Additional reading and Internet research opportunities are identified. More complex terminology is made clearer with numerous diagrams and illustrations. With almost 600 key terms defined, the book represents a comprehensive must-have reference for anyone studying a business-related course or those simply wishing to understand what operations management is all about. It will be especially useful as a revision aid.
