Nota di contenuto	Systematic screenings of behavior to support instruction: an overview -- Systematic screening for behavior disorders (SSBD) -- Early screening project: a proven child find process (ESP) -- Student risk screening scale (SRSS) -- Strengths and difficulties questionnaire (SDQ) -- BASCTM-2 behavior and emotional screening system (BESS) -- Social skills improvement system: performance screening guide (SSIS-PSG) -- Getting started: a few concluding thoughts to guide the decision making process.
Sommario/riassunto	Straightforward, practical, and user friendly, this unique guide addresses an essential component of decision making in schools. The authors show how systematic screenings of behavior-used in conjunction with academic data-can enhance teachers' ability to teach and support all students within a response-to-intervention framework. Chapters review reliable, valid screening measures for all grade levels, discuss their strengths and weaknesses, and explain how to administer, score, and interpret them. Practitioners get helpful guidance for evaluating their school's needs and resources and

2. Record Nr.	UNINA9910160290803321
Autore	Blount Yvette

Sommario/riassunto	"[This book] is an essential research publication for the latest information on flexible work arrangements and how these are made possible through recent developments in ICT. Featuring extensive coverage on a range of topics such as virtual offices, digital inclusion, and telehealth, this book is ideally designed for researchers,

professionals, and managers seeking current research on the methods, benefits, and disadvantages of non-traditional working environments"
