| Sommario/riassunto      | Algernon Brickwood has a son, Teddy, who has been sent down from Oxford and also broken off his engagement to Abigail. Algernon can live without the Oxford connection, but certainly not the family's impending union with the lovely, and rather rich, Abigail. This is an uproarious romp through love, money and a taste for high living.                                                                                                                                   |
