Sommario/riassunto	Remembered as the father of modern horror, H.P. Lovecraft is best known for tales of terror, cosmic abominations and especially his most famous creation, the dreaded Cthulhu! Few realize, however, the true creative breadth and depth spanned by Lovecraft, who penned stories of horror but also of fantasy, science fiction and even humor. Within this Mythos series, writer Brandon Barrows and artist Hugo Petrus go beyond tentacles and evil gods to explore the rare corners and the myriad worlds created by H.P. Lovecraft! This issue: "The Beast in the Cave" - Deep in the bowels of the Earth, something ghastly stalks Kentucky's Mammoth Cave and it's just found its newest prey... "The Cats of Ulthar" - It is said that in the land of Ulthar, the most sacred law is that "no man may kill a cat" - and with good reason, for horror engulfs those who disobey it.
