Sommario/riassunto	Perhaps we saw the 1950's movie with Kirk Douglas, or maybe we had the snot scared out of us on the Disney World ride as kids-regardless, 20,000 Leagues Under the Sea is indelibly etched into the collective memory. The original by Jules Verne was published in 1869 when submarines were in their infancy: once again Verne predicts much of what will come technologically. The crew of an American ship sets off to investigate a giant sea monster, only to find it, fight it, and then realize it's a submarine. It's called the Nautilus, and was built by the mysterious Captain Nemo. Fortunately he lets
