| Sommario/riassunto | <p>After a naughty Christmas wish, Vikky discovers that she has a wicked secret admirer. Taunted by teasing notes, seduced by sinful promises, she finds herself living out some of her wildest fantasies. Erik had no idea that agreeing to play Santa would put him back in Vikky's orbit--or that she would make such a sexy Christmas wish. Unable to resist her warm blue eyes or the promise of her amazing body, he gives in to the urge to fulfill her Christmas fantasy. But what started out as fun turns into so much more... Please note: This title has been previously issued. It has been substantially re-edited with a fair amount of rewriting, but very little new material has been added.</p> |
