Livello bibliografico	Monografia
Sommario/riassunto	<p>A unique twist on an old favorite, <i>Catching Red</i> is a post-apocalyptic thriller with a large dose of humor, several helpings of sex, and of course, a happily-ever-after. Book 2 of Tara Quan's urban fantasy series, <i>Undead Fairy Tales</i>, will keep you on the edge of your seat as our heroes hack their way through zombies, destroy an evil cult, and survive an undead world. Scarlet "Red" Ryding is on a mission. To prevent mass suicide, she must fulfill her grandmother's evil wishes and return posthaste. With knives in hand, she dives headfirst into an abandoned hospital full of zombies. But after getting trapped within, she is forced to accept help from the world's most dangerous predator--a man. Covert Agent Marcus Woodsman received strict instructions against interfering in the affairs of nomads. As a spy for the Federal Military Agency, his mandate is to observe and report. But when he finds a little redhead caught in the center of a brain-eater swarm, conscience compels him to put his ax to good use. By the time he realizes this smart-ass scout comes equipped with a world of trouble, it's too late--he would do anything to keep her safe. As Red and her Woodsman work together to survive the undead, brave a snowstorm, and bring down an evil cult, they learn to laugh, love, and fight for happiness. The second book in Tara Quan's <i>Undead Fairy Tales</i> series, <i>Catching Red</i> is a post-apocalyptic thriller with a happily-ever-after. Content Notes: Spicy, Light BDSM Elements, Light Spanking, Post-</p>
