

1. Record Nr.	UNINA9911006682803321
Autore	Minton Paul E
Titolo	Handbook of evaporation technology / / by Paul E. Minton
Pubbl/distr/stampa	Park Ridge, N.J., U.S.A., : Noyes Publications, c1986
ISBN	1-282-00266-X 97866612002663 0-8155-1750-5
Descrizione fisica	1 online resource (411 p.)
Disciplina	660.2/8426
Soggetti	Evaporation Evaporators
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 372-383) and index.
Nota di contenuto	<p>""Preface""; ""Contents""; ""1 Introduction""; ""2 Evaporation""; ""3 What an Evaporator Does""; ""4 Evaporator Elements""; ""5 Liquid Characteristics""; ""6 Improvements in Evaporators""; ""7 Heat Transfer in Evaporators""; ""8 Pressure Drop in Evaporators""; ""9 Flow-Induced Vibration""; ""10 Natural Circulation Calandrias""; ""11 Evaporator Types and Applications""; ""12 Fouling""; ""13 Evaporator Performance""; ""14 Vapor-Liquid Separation""; ""15 Multiple-Effect Evaporators""; ""16 Heat Pumps""; ""17 Compression Evaporation""; ""18 Thermal Compression"" ""19 Mechanical Vapor Compression"" ""20 Desalination""; ""21 Evaporator Accessories""; ""22 Condensers""; ""23 Vacuum Producing Equipment""; ""24 Condensate Removal""; ""25 Process Pumps""; ""26 Process Piping""; ""27 Thermal Insulation""; ""28 Pipeline and Equipment Heat Tracing""; ""29 Process Vessels""; ""30 Refrigeration""; ""31 Control""; ""32 Thermal Design Considerations""; ""33 Installation""; ""34 Design Practices for Maintenance""; ""35 Mechanical Design""; ""36 Safety""; ""37 Materials of Construction""; ""38 Testing Evaporators""; ""39 Troubleshooting""</p> <p>""40 Upgrading Existing Evaporators"" ""41 Energy Conservation""; ""42 Specifying Evaporators""; ""43 New Technology""; ""44 Nomenclature""; ""Bibliography""; ""Index""</p>

2. Record Nr.	UNINA9910160682203321
Autore	Morrison Jade
Titolo	Find 'em Hot, Leave 'em Wet
Pubbl/distr/stampa	Liquid Silver Books
ISBN	1-62210-146-4
Descrizione fisica	1 online resource (82 p.)
Soggetti	Romance fiction Seduction in literature
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Re-Release: (Hearts Afire: March, 3/4/2009)Who knew responding to a 911 call could lead to so much passion and danger? When firefighters and officers begin mysteriously dying, it's up to Logan Wylde and Madison Rose to solve the mystery, before they become the next victims. Relive the passion in this re-release of Jade Morrison's Find 'em Hot, Leave 'em Wet, part of the Some Like It Hot Collection.Find 'em Hot, Leave 'em Wet is a contemporary suspense novella about firefighter Logan Wylde and police officer Madison Rose. Sparks fly when they meet during an insignificant kitchen fire at criminal Jimmy Dawson's town house. Taking advantage of the opportunity that Dawson's out of town, and his housekeeper fled the scene after dialing 911, the cops arrive along with the fire department to do a quick unwarranted search of the premises. But Jimmy is a careful man, and the search reveals nothing suspicious. However, after the fire, cops and firefighters begin mysteriously dying.For unknown reasons, Dawson is taking out those who responded to the 911 call. After Logan's apartment is burned by a Molotov cocktail, he and Madison join together to find what Dawson is looking for, and why it's important enough to kill for.The attraction between Logan and Madison is instant. From the moment they literally run into each other at Dawson's townhouse, to the heated, and intimately personal, tour of the fire station where Logan works, they can't seem to keep their hands off one</p>

another. Despite the danger they find themselves in, the real danger comes from within. Because, when a fire burns this hot, there's only one way to quench it. Content Notes: Hot, Contemporary, Uniformed Heroes, Suspense
