Sommario/riassunto	<p>Welcome back to Gulf Shore, where love is in the air...or is it? Take one marine biologist with a few secrets in her past, the hot new owner of a local business, and a sexy billionaire with an obsession, and discover whether redemption is possible for those who believe in the power of love. Annette Mardis has done it again, passion, suspense, and a romance as hot as the afternoon sun on a sandy beach in Book 2 of her contemporary Gulf Shore series, Shore Feels Right. Once a pariah among her coworkers, marine biologist Monica Sims has spent months reinventing herself as she seeks redemption. A history of failed relationships leaves her leery of romantic involvement until she meets Cosby Williams, the new co-owner of Nauti-Toys watercraft rentals. As things heat up between them, Gulf Shore Aquarium responds to the stranding of a group of pilot whales. When a billionaire bachelor lends his private plane to the rescue effort, Monica catches his eye--and an obsession is born. How will she cope with the unwanted attention? And will her past sins come back to doom her newfound happiness with Cosby? Content Notes: Spicy, Contemporary</p>
