Sommario/riassunto	<p>He's a man with no name ... living in the shadows protecting the country he loves. She's a woman with a past ... a well-hidden past she will protect at all costs. Their worlds are about to collide in <i>Dance With Me</i>, Book 3 of Kristin Leigh's passionate, contemporary romance series, <i>Wounded Warrior</i>. Rebecca is a woman with a past--one that she keeps hidden from everyone around her. Despite the shadows she left behind, she's built a wonderful life: an enriching career, friends that she loves, and coping mechanisms that keep her sane. Beneath her tough exterior beats the heart of a warm and loving woman, a woman that just wants to love and be loved in return. He's known only as "the major," and he has sacrificed everything to protect the country he loves. A ghost, a constantly transforming entity, he has but one purpose: let nothing stand in the way of the mission. He's never failed, never wavered in his devotion, and has more than his fair share of scars to prove it. Lately, the test of time has started to wear thin, and it has something to do with the redhead hellion that's pushed her way into his heart. But a man that doesn't exist, doesn't even have a name, has nothing to offer except a few stolen moments of desperate passion. When his world crashes into hers, they both must come to terms with what lies between them. Can Rebecca expose the ravages of her past? And can the major ever be anything more than what he has become? Content Notes: Hot, Contemporary, Uniformed Heroes</p>
