| Sommario/riassunto      | <p>Kayley's passion-filled dreams of two sexy men torment her nights ... but meeting them in real life turns her world upside down! Passion brings them together, but a menace from one's past threatens to destroy them. Now they'll have to risk it all and fight for their love. Skye Jones presents Claimed By Love, Book 1 of her exciting new paranormal romance series Wild Hunters. Kayley Edwards has spent the last four years closing herself off after a vicious attack by her lover left her scarred and terrified. After fleeing her native Alaska, she ran the length of the country and began a new life in Miami, far from family and friends. When her cousin and his friends decide to vacation nearby, he invites her to join them because he has important news. Determined not to let fear rule her life, she agrees to meet with them, only to have her world turned upside down. His friends include the two gorgeous men who've haunted her dreams for months, kindling her desire and challenging her to take a chance on love. Pack alpha, Luke Johnson, has dreamed of Kayley for years. He and his mate, Sean Wallace, know she is meant to be theirs. But how will she react when she finds the world they inhabit is one she never imagined existed? As passions collide, Sean finds himself acting as a bridge between his strong-willed alpha and a skittish Kayley. Can they break through her defenses and convince her to join them? Just as it seems the three may have a future together, a ghost from Sean's past strikes at the heart of their</p> |
