Sommario/riassunto	<p>Morgan Shore has made a habit of living in the present ... the past is just too painful. Dylan Drumlin thought he had gotten Morgan Shore out of his life forever. But when an unexpected death brings them together again, they find the passion they've long denied is reignited. DawnMarie Richards is pleased to bring you Aaron's Will, Book 1 of her new romance series, Legacies. Morgan Shore was busy making other plans when her guardian, Aaron Field--a Boston attorney and philanthropist--unexpectedly died. Drawn back into a life better left in the past, Morgan finds herself compelled to contend with Dylan Drumlin, the man who categorically rejected her without a word of explanation or any hint of regret. Tragically, he's also the only man to have stirred Morgan's dormant passions and touched her tender heart. Dylan Drumlin always knew he wasn't the kind of man any woman should build a future with, especially a woman like Morgan Shore. When he began to fantasize about the young woman with auburn hair, he knew he had to let her go. Time passed and Dylan believed himself safe from whatever insanity had gripped him. But when Morgan reappears one night bearing stunning news and a heart-rending grief, long suppressed desires are reignited. Dylan's disciplined life begins to unravel, tattered by disenchanted amber eyes and the binding ties of Aaron's Will. Content: Spicy, Non Sexual Physical Assault, Contemporary</p>
