But when she learns that more than her life is at stake, she doesn't know who to turn to... After Navy SEAL Scott Ranger rescued investigative reporter Rowena Murphy in Afghanistan, he thought his mission was complete. But it's six months later, and he still can't get her out of his head. The game changes when her life is threatened once again... As they start to uncover just how deep the conspiracy runs in Washington and abroad, Scott vows to keep Rowena and her sources safe--even if that means temporarily dropping the story. But for Rowena putting her investigation on hold isn't an option. Loyalties are tested and passions ignite as Rowena and Scott race to complete A SEAL's MISSION.
