Sommario/riassunto	<p>When a family celebration threatens to turn into a disaster, there is only one person to blame- Asia Thompson, a member of the pack who also holds the title of Draven's former first love. After fighting almost impossible odds, Jes and Draven are finally together, but emotions are high strung now that Asia has shown up unannounced with the intention to take what she thinks she's entitled to, including Draven. Dealing with the protocol of Draven's pack leaves a sour taste in Jes' mouth. She's battled every inner demon she has in order to be with her man. She wants their family to be first, not second which is easier said than done when she feels Draven is choosing his pack over family. The pack has a way of digging their claws into their happily ever-after, pulling Draven further and further from his family's needs. With Asia's manipulative schemes combined with the conflict over their daughter's birthday ritual, the couple's bond is truly tested. Join the members of Shadow Unit as they celebrate Family, in Bonded in Shadows a Shadow Unit Novella. **+18 Mature, Adult Content, Menage, Shifters, Werewolves**</p>
