Sommario/riassunto	This book examines the blunders and the goof-ups--both miniscule and colossal in scale--many of which have been lost to history. Stories include the priest who married a bride to her groom's best man and the fool who thought he purchased the White House, as well as mistakes that changed the course of history, like the sinking of the Titanic and the Exxon Valdez disaster. Sidebars, a glossary, and a further reading section are also included.
