Sommario/riassunto

The Great War is over. The Robots have won. The humans who survived have two choices--they can submit and serve the vicious rulers they created or be banished to the Reserve, a desolate, unforgiving landscape where it's a crime to be human. And the robots aren't content--following the orders of their soulless leader, they're planning to conquer humanity's last refuge. With nothing left to lose, Six, a feisty, determined young woman whose family was killed with the first shots of the war, is a rebel with a cause. On the run for her life after an attempted massacre, Six is determined to save humanity before the robots finish what the Great War started and wipe humans off the face of the earth, once and for all.
