Livello bibliografico	Monografia
Nota di contenuto	Part one: O we of little faith -- Part two: A new direction -- Part three: Dealing with sticky issues.
Sommario/riassunto	A rapidly growing demographic cohort in America, non-religious parents are at the forefront of a major and unprecedented cultural shift. Unable to fall back on what they were taught as children, many of these parents are struggling--or simply failing--to address complicated religious questions and issues with their children in ways that promote curiosity, kindness, and independence. Author Wendy Thomas Russell sifts through hard data--including the results of her own survey of 1,000 nonreligious parents--and delivers gentle but straightforward advice to this often-overlooked segment of the American population. With a thoughtful voice infused with humor, Russell seamlessly merges scientific thought, scholarly research, and everyday experience with respect for a full range of ways to view the world.
