The second half of the book then presents practical guidance on how to work successfully online. Topics include: *

advice on launching digital start-ups; * how to use key analytics to track and focus readership; * engaging with mobile journalism by utilising smartphone and app technology; * developing revenue streams that can make digital journalism sustainable; * legal and ethical dilemmas faced in a modern newsroom; * the challenges of producing news for mobile readers. The book features leading figures from the BBC, Google and the Guardian , as well as some of Britain's best entrepreneurial reporters, who offer advice on thriving in this developing media landscape.
