Sommario/riassunto

In this book, an all-star cast of experts on Cuban Politics critically address the recent past and present in U.S.-Cuban relations in their full complexity and subtlety to develop a perspective on the evolution of the conflict and an inventory of forms of cooperation. This much needed approach provides a way to answer the questions "what has been . . .?" and "what is . . .?" while also thinking seriously about "what if . . .?".
