Sommario/riassunto	This book explores the intersection of feminism and transgender issues, focusing on the alliances and interactions between feminist and trans-feminist movements across various countries including Italy, Spain, Belgium, Brazil, Chile, and the United States. It includes contributions from activists and academics, providing a comprehensive overview of the political and social dynamics within these movements. The book aims to highlight the local and global contexts of feminist and trans-feminist approaches, addressing issues such as social inequality, power dynamics, and the challenges faced by trans individuals within feminist spaces. It is intended for scholars, activists, and anyone interested in gender studies and social justice.
